- Do **NOT** worry, it is very safe to download and the Run the exe file
- This exe file is needed only for the exam and **NOT** for anything else.
- On completion of the exam, you may go to the Control Panel and uninstall the same.

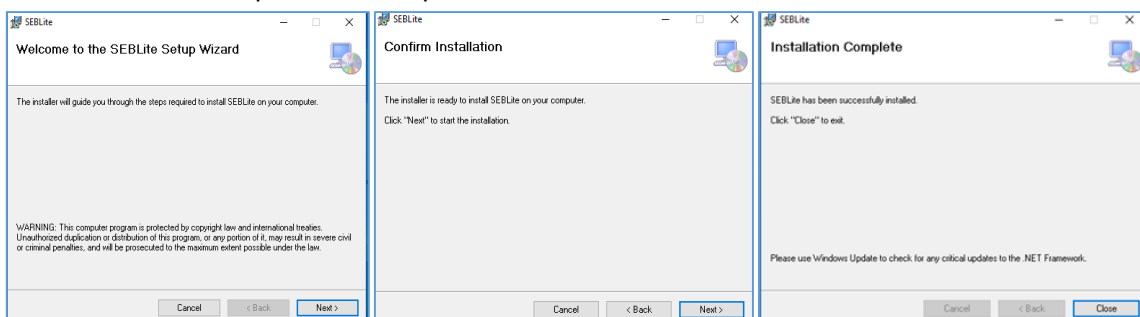

Step 2: Installation

Double click on “**MAHE-SEBLite-Chrome**” to start the installation

- You will get the following pop-up window that will say “Windows protected your PC”
- Click on “**More Info**” to know more about
- Click on “**Run Anyway**” to initiate the installation process

- Click on “**Next >**” to continue
- Click on “**Close**” to complete the Setup

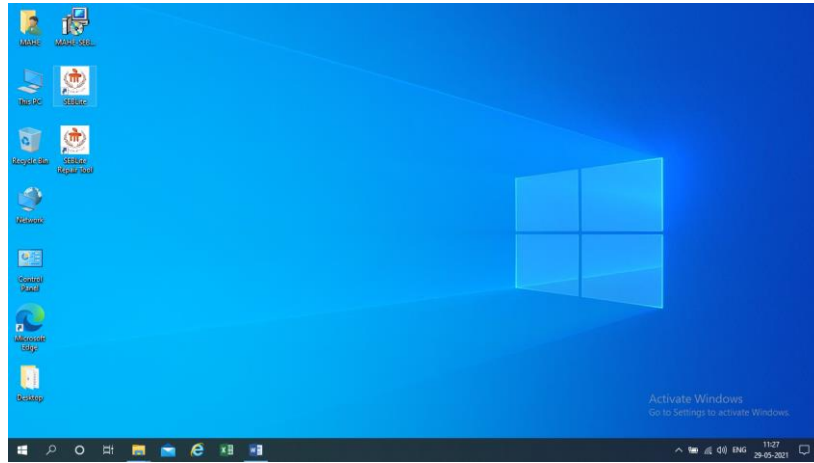

Step 3: RUN Time

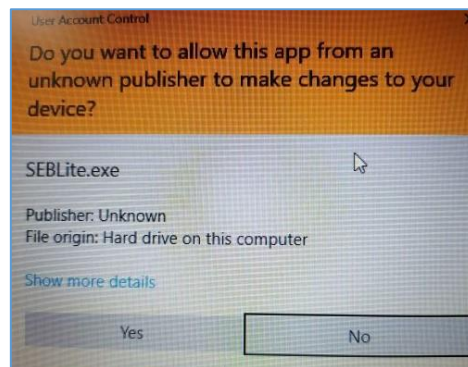

You will be able see two shortcut icons on desktop with MAHE logo

- **SEBLite**
- **SEBLite Repair tool**

Please double click on “SEBLite” shortcut Icon

Based on your Windows settings you may / may not get the below mentioned popup message. Click “Yes” to continue

The following Login page should load. This indicates that you have successfully downloaded and installed the Safe Examination Browser and ready to take the Examination.

On the day of the Examination enter your Login Details (Login ID (Application No.) and Password (Date of Birth)). Select the Checkbox and click on “Sign in”. Please note that Login will be enabled during your Examination slot only which you have booked via Online Test Booking System (OTBS)

A screenshot of the SEBLite login page. At the top, it displays 'Your IP is : 157.45.201.52' and a note that 'Your IP address is tracked and recorded for audit purposes'. Below this is a login form with two input fields: 'Login ID' and 'Date Of Birth'. A note below the fields states 'Your DOB is your password'. There is a checkbox labeled 'I confirm my attendance by logging in'. Below the checkbox are two buttons: 'Sign in' and 'Register'. At the bottom, there is a 'Note' section with three bullet points: 'Please login to the exam 20 minutes before the exam start time.', 'There will be only 5 login attempts, do not make unnecessary login attempts.', and 'Helpdesk Number: 9513850025'. At the very bottom, it says 'Key Sequence To Exit From Secure Exam Browser - "Alt + Esc"'.

Note:

- On successful completion of the SEB installation, you may enable the antivirus if you have disabled the same at the time of installation.
- However, the antivirus may need to be disabled if the SEB does not open before the Mock Test / Actual Test, as it depends on your Antivirus settings.

We wish you All the Best for MET 2021
